

# WeekReport\_2019-05-06\_05-11\_E

---

## Week Overview

- This week I organize my code in graphlayout
- $8 + 8 + 8 + 8 + 7 + 0 + 2 = 41$  hours

## Project: GraphLayout

- discuss with Zhu and modify some details in the code
- the next step we will focus on the modification about the multilevel

## Project: DimensionReduction

- the paper submitted to IJCAI was rejected unfortunately
- wait for the next step

## Go to Zhejiang Lab

- In general we will write a pure JS graph-all library similar to cytoscape.js
- we will depend on webgl to render points
- I will study some knowledge about ES6 and webgl this weeks

## Other

- recite Word List 4

---

## Short-term perspective

Work	deadline	Tip
study ES6	Friday	

## Long-term perspective

Work	deadline	Tip or Progress
GraphLayout	6.1	modify the multilevel
